## How to get the most from your Chamber Membership!

Some members actively participate in Chamber programs, events and socials, these members are the backbone of our membership and are essential to the operation of the Chamber of Commerce! Some serve actively on committees, initiate lobby campaigns, run for the board and executive positions, offer their time and expertise, and regularly take part in the activities, programs and events of the Chamber. Without the help of these dedicated supporters, your Chamber would need a much larger staff and a larger budget, to provide the same levels of service!—**wherever you stand- the return on your membership investment is directly related to the amount of time and energy that you invest!**

**Do you have all the customers that you can handle?** If not you may wish to try attending one of our Chamber events scheduled normally once a month. These socials, meetings and luncheons are an important opportunity to meet between 30 and 50 (depending on the event) of your fellow business people. A skilled networker can use these functions to build relations with friends, customers, suppliers, allies, etc. Networking is ALWAYS welcome at Chamber events.

**ITS YOUR CHAMBER-GET INVOLVED! We welcome your input!**
