1 Expand the seating and more outside business and more variety of food ie street vendors 2 Not right on street corners 3 yes. Some were very attractive. Beautiful flower baskets. However, over all I felt there were too many and the one by the [Brick house was a traffic hazard at the 4-way stop. I don't mind parking and walking, however there are occasions when I have to park close to shops etc if my mother is with me, as she is 101 years old. Personally, I do not want to see them next year. 4 Better construction so they appear less temporary. 5 Put on sidewalk 6 If they do continue to operate in the future, they should not be allowed at the end of the block near intersections. But, they really should not be allowed. They take up too much room, pose huge inconvenience for drivers, and limit the already poor parking issue. 7 Instead of patio's make those parking spots for handicapped and the elderly. 8 No, very inviting and relaxing. Loved the patios with all the gorgeous flower displays! Very nice 9 No I would not like to see them continue. I haven't shopped downtown because of them. They are a pain and limit the parking available. Seniors and handicap are unable to park close to the businesses. Parking is already limited, why limit it more. Passing by on the sidewalk and having to ask people to move is outrageous. 10 I loved the patios!! Please keep them going. They really improved the atmosphere in town and encouraged more traffic, therefore more money spending in businesses. I patronized restaurants for the first time because I could sit outside. 11 Get rid of them!! 12 I always felt the Big Band patio was just a little too close to the corner from a driver's perspective. 31	Patios make the downtown more alivewe loved it. Please keep them!	Nov 20, 2013 12:37 PM
32	Big Bang Bagels should be moved	Nov 20, 2013 12:27 PM
33	I think the main three blocks of 2nd ave should be closed to traffic all summer. It would make it much nicer to be on the patios.	Nov 20, 2013 12:16 PM

35	restricts an already existing parking problem	Nov 20, 2013 12:13 PM
36	The patios are a great idea, mostly because they take up parking spots on main street, making driving more frustrating and hopefully encouraging more people to use more sustainable modes of transportation like biking or walking to get up town. However, I feel they operate best when located in the middle of the street rather than at intersections as it poses more danger through blocking drivers view of pedestrians/other traffic, specifically at the busy intersection at the brick house. Q4. If you answered Yes to question #3, would you like to see any changes happen to the operation or placement of these Sidewalk Patios? when the weather is nice! There is enough parking on first and third avenue if people need to drive. 51 There was much less room down main street for vehicles to drive, but almost Nov 20, 2013 8:58 AM non existence space for bikers. Especially with the increased traffic and seemingly oblivious Albertan drivers it has made it unsafe to bike down main street. Even crossing the street has become less safe as the patios are large distractions. Additionally, I think it's an accident waiting to happen in the event that children are around the patio or dogs. However, the views of the town and the surrounding mountains is beautiful, but there are many other options for outdoor seating that would be more "user friendly" for everyone involved. 52 Make them permanent and more attractive by having 2nd Ave one way with Nov 20, 2013 8:53 AM angled parking inbetween. For a great downtownscape check out Grand Junction Colorado, wide sidewalks, patios, planter walls for seating, statues and artwork. This would make it more a destination while still leaving parking for people who need proximity like the elderly and handicapped. 53 I would poll yes to keeping them if they were half the size they are now. But Nov 20, 2013 8:50 AM eating in traffic is going to get someone hurt. Especially if they're licensed for alcohol. The only one I saw utilized regularly was the northern. The rest were used for people to pen their kids or dogs. 54 Although I answered "No".. I am perplexed as to how you can complete a Nov 20, 2013 8:28 AM survey, one sided. It is obvious that there was a lack of consideration to the people in our community and outlying areas that suffer disabilities and have mobility issues. I have both parents in this unfortunate situation, and Fernie has a huge shortage of Handicap Accessibility to the downtown. Not only does the placement of patios restrict parking, but creates congestion in front of these establishments. I am frustrated and saddened that I had to ask people to move, so I could get my Handicapped Mother though this mess. Until your life is directly affected by these obstacles, you will never fully understand how hurtful it is to live in an area that is uncompassionate to these peoples needs. These are life time residents, who deserve to be recognized and be treated with respect. I respectfully hope that my input is taken into consideration, as I not only speak for myself, but I am sure many others. We all will be elderly some day! 55 do not like them on main street.....the one at the fernie hotel does not take Nov 20, 2013 8:06 AM up any parking spaces and is the only one that I agree with because it doesn't take up parking spaces 56 I don't think any changes are really necessary, I think they were a great addition Nov 20, 2013 7:56 AM to downtown this summer! Would be nice to see more flower boxes lining them like at Big Bang. Thanks for this new initiative. 57 NO Nov 20, 2013 7:50 AM 58 As a business owner who invested it this I am slightly concerned that this Nov 20, 2013 6:55 AM "experiment" it now seems is being debated in public, before consultation with the actual people who invested the money to make it happen and to make 2nd Ave and much better place this last summer. Perhaps the business owners should be involved in this debate at the outset before the City makes a decision,

	from the general publics point of view. As it is us ultimately us who will bear the brunt financially of changes which inevitably will be made without our valuable input.

It's blinding to walk down the street and doesn't make downtown feel as great as it used to when it had the classy lights that only directed light onto the street and sidewalk instead of glaring everywhere. GO BACK TO THE OLD LIGHTS!! 78 More patios. Loved them. Great addition to downtown. 79 I would lile to see them removed 80 Stop taking away parking before adding crap to our streets 81 It's hard to answer yes or no to question 3 as the patios definitely have a lot of positives and negatives. On the positive side they allowed people to enjoy the outdoors and the sunshine. They looked nice and the flowers were beautiful and I can appreciate how a business would want to offer an outdoor area to their customers. With that said, the obvious negatives to the patios would be of course that main street (2nd Ave) and the downtown area are already very busy and it is challenging enough to try and find parking space in these areas. Also if you approve a patio for one business, then you should ultimately approve them for all and there are still a lot of other businesses who did not have patios this year. All in all, I would have to say that the patios on 2nd Ave. were more to a irritant than anything. Especially the Brick House being that it was on the comer of the 4 way stop. The patios on the side streets were more tolerable. I would have to say that unless you can come up with another solution other than taking up much needed parking, I would not like to see the patios again next year. 82 No more sidewalk patios! 83 I think they are great for the downtown businesses however I found they created a lot of congestion with vehicles, bikes and pedestrians. The liquor establishments seem to sit empty all day! I think there should be a limit as how many and where possible they should be moved to side streets etc. 84 I would like to see a better warning system for drivers until more patios come into play. If there is large gap between patios there is a chance for a driver to become careless and clip the structure 85

I would like to see the Northern put some flowers etc on their patio to take away from the stark bare appearance. In our travels in N America, we have observed in many instances where a wooden sidewalk has been placed on the road rather than the patio itself, enabling the patio to be next to the building. This seems to work quite well and I would recommend that it be considered next year. All in all a great add to the downtown! 138	Where im from the town builds the sidewalk around the other side of the patio so the patio is flush with the sidewalk so you do not have drunk people stumbling across a main sidewalk where there is kids. It works really well and they just build a diverted wooden walkway around it.	Nov 18, 2013 9:08 PM
139	We have many visitors come during the summer and ALL were so impressed with the patios's on 2nd ave. We as a family have used all in one capacity or another and love them. Please allow the continuation of this lovely addition to the downtown core!!!!	Nov 18, 2013 8:57 PM
140	They are dangerous. The city enforces zero bylaws besides bear aware And only rural not dirty downtown dumpsters. Bikers going side by side I've nearly hit . Turning with a trailer downtown is impossible and a hazard when they are so close to corners. If they are allowed then all retail stores should be able to. Then next will be no traffic and then we have something like the platzl in Kimberley (a dying downtown economy with a dollar store). I really enjoy dining on the patios and enjoying our downtown social atmosphere - but for me the downfalls are too great. Why do these places pay such a minimal fee and take up parking (yes I realize it isn't much but you try parking downtown as a senior to do some 'local' shopping) I can't count the number of complaints we had and customers we lost for sales where there simply was no parking close enough We all pay high taxes to be downtown and high prices for rent- yet are losing business to these patios? Yes I realize Fernie is geared towards outdoor enthusiasts but let's face it Most of these people are not the coal miners whose families try to raise families in the town.	Nov 18, 2013 8:50 PM
141	More of them	Nov 18, 2013 8:39 PM

Catering to tourists Nov 18, 2013 8:37 PM 145 No they were great Nov 18, 2013 8:31 PM 146 The patios obstruct vision when trying to turn onto 2 Avenue and will likely cause an unnecessary accident. Nov 18, 2013 8:26 PM 147 I think if they ate going to have the patios 2nd ave should be closed to traffic otherwise i dont agree with them there is not enough parking to begin with and they are hazerdous at times Nov 18, 2013 8:25 PM 148 Would be nice to have them, if possible, located off of main street. For example, move Bing Bang Bagels' to the side street like Infinitea's is, or more the Loaf's to the side of the building to where huckleberry plaza is. Might be hard to make this work/less desirable, but having the patios on main makes driving and parking a lot more frustrating. Nov 18, 2013 8:22 PM 149 They incrohe on to the driving area and people stand on the roads to talk with people they know Nov 18, 2013 8:20 PM 150 No they looked nice. Might be hard to make this work/less desirable, but having the patios on main makes driving and parking a lot more frustrating. an unnecessary accident. 147 I think if they ate going to have the patios 2nd ave should be closed to traffic otherwise i dont agree with them there is not enough parking to begin with and they are hazerdous at times 148 Would be nice to have them, if possible, located off of main street. For example, move Bing Bang Bagels' to the side street like Infinitea's is, or more the Loaf's to the side of the building to where huckleberry plaza is. 	ou answered Yes to question #3, would you like to see any changes happen to the Sidewalk Patios?	operation or placement
163	Like to see the main street in down town convert to no parking and have additional parking lots in place ie. by skate park, empty lot by old gas station near dirt jumps etc.	Nov 18, 2013 7:49 PM
164	No changes need to be made! The patios are an awesome addition to main street!	Nov 18, 2013 7:45 PM
165	They are in the way	Nov 18, 2013 7:44 PM
166	Placed further away from intersections, especially when they have flowers on them. Makes them hard to see around when driving.	Nov 18, 2013 7:40 PM
167	I actually said no to the last question. Hmm. I found the street too narrow with the patios there. Also, I almost hit 3-6 bikers over the summer who went ripping across the street near them. They are distracting to me. The street isn't wide enough, as per Nelson. On a side street, sure. Main, no.	Nov 18, 2013 7:40 PM
168	no	Nov 18, 2013 7:38 PM
169	Placement would be better if the patio did not take up a lot of sidewalk space. It would be nice if 2nd ave could be a walk only street with no vehicles in the summer.	Nov 18, 2013 7:36 PM
170	No they were awesome. Felt like I was on holiday.	Nov 18, 2013 7:35 PM
171	the brick house patio was too close to the 4 way stop sign	Nov 18, 2013 7:34 PM
172	Keep them off of the street. There's not enough parking as it is and they were to far out on the road. Especially near the intersections it was kind of dangerous.	Nov 18, 2013 7:30 PM
173	I think the biggest problem is the room for traffic. When you add the patios and bikers it's hard and sometimes dangerous to drive down 2nd ave.	Nov 18, 2013 7:29 PM
174	They're great as they are!	Nov 18, 2013 7:29 PM
175	close 2nd during busy summer months	Nov 18, 2013 7:27 PM
176	No change	Nov 18, 2013 7:24 PM
177	No	Nov 18, 2013 7:24 PM
178	How about closing 2nd Ave between the four way stops and have just pedistrians and bikes allowed, with more patios of course. Its a great idea just to congested for traffic and patios together.	Nov 18, 2013 7:23 PN
179	I can't think of any, they were fun and allowed people to enjoy the summer even more.	Nov 18, 2013 7:22 PM
180	pedestrianize 2nd ave from 3rd street to 7th street for a few hours in the evening so people can sit outside and not have to listen to loud vehicles while they eat dinner	Nov 18, 2013 7:20 PM

183	So far so great.	Nov 18, 2013 7:17 PI
184	They take up parking spaces as well as they make the street more narrow. With the flowers hanging off the side. I feel that there is going to be trouble with them one way or the other. The way they used to have it with a few tables on the sidewalks was better.	Nov 18, 2013 7:17 Pf
185	Having more on the side walk and less on the road. Like 1/2 & 1/2. Have one way traffic! Put them in the alleys!	Nov 18, 2013 7:16 Pf

225	There is no parking to go to local buisinesses as is Since these patios have arrived I do all my shopping out of town and on eBay shopping is supposed to be easy	Nov 18, 2013 6:20 PM
226	nope theyre great	Nov 18, 2013 6:19 PM
227	Nope they were fine	Nov 18, 2013 6:19 PM
228	Make them a bit narrower. They seemed to stick out a bit too much, especially when a planter was added on. I work downtown (not in the restaurant/bar industry) and I think it was a nice addition to downtown.	Nov 18, 2013 6:17 PM
229	No. They were great. I think that they are a really positive add to the beauty of our downtown core.	Nov 18, 2013 6:16 PM
230	I answered NO, I do not want the patio;s	Nov 18, 2013 6:16 PM
231	Did not enjoy how cramped they were or having exhaust fumes surrounding you while eating! To do the downtown patios properly, shut down main street to traffic then they could be bigger patios & much more enjoyable! It would only be for 2 months	Nov 18, 2013 6:10 PM
232	Put them in the alleys behind the bars.	Nov 18, 2013 6:07 PM

235	make them bigger	Nov 18, 2013 6:03 PM
236	These patios, took up very much needed parking. They were not aesthetically pleasing. Maybe main street should be 1 way or blocked off.	Nov 18, 2013 6:00 PM
237	Nil sidewalk patios	Nov 18, 2013 5:58 PM
238	I think there could be more! They were a great addition to downtown and enjoyable day and night.	Nov 18, 2013 5:57 PM
239	Not on Main Street	Nov 18, 2013 5:56 PM
240	I would personally like to see less parking on 2nd and more room for business to have sidewalk sales and thing's like temporary shops and vendors. And it sucks sitting on a patio when you have a guy idling his F-350 right next to your table while he runs into the bank. perhaps a no idling philosophy on 2nd ave would make for a better dining experience.	Nov 18, 2013 5:53 PN
241	They're perfect!	Nov 18, 2013 5:50 PM
242	More of them maybe	Nov 18, 2013 5:49 PM

	shop they want to go. City should buy old Fast Gas and put more parking in there, I guess some people think there is not enough parking, well that would solve the problem.	
244	Close the downtown core to traffic. TD to overweightea. Its a NO BRAINER!	Nov 18, 2013 5:48 PM
245	They take too much parking up and the corner ones blind drivers trying to turn onto 2nd ave they should not be allowed on the streets and yes I am a Fernie resident and TAX Payer	Nov 18, 2013 5:47 PM
246	Yes they take up to much of the road and its hard to see around them i think they are horrible!!!!	Nov 18, 2013 5:46 PM
247	put them somewhere other then Main Street there is no parking as is	Nov 18, 2013 5:46 PM
248	I would ideally like to see more patios as they really add to the friendly, open feel of the town. Brings tourists and locals together.	Nov 18, 2013 5:43 PM
249	take them away only takes up parking spots	Nov 18, 2013 5:43 PM
250	Get RID of them!! There is no parking as it is! Quit catering to tourists!!!	Nov 18, 2013 5:41 PM
251	More of them!	Nov 18, 2013 5:39 PM
252	No I think if all of 2nd Ave was like that it would be awesome. It makes for a great vibe in the town for the summer.	Nov 18, 2013 5:39 PM
253	There is already hardly enough parking available on main street and to take up 2-3 spots per restaurant/bar where there is already enough seating inside is not necessary. This is coming from an actual Fernie local not a granola or Albertan.	Nov 18, 2013 5:38 PM
254	I never had an issue with them, there are other places to park. I think they are a great summer addition.	Nov 18, 2013 5:38 PM
255	I think the patios take up valuable space in the already limited main street parking dilemma	Nov 18, 2013 5:38 PM
256	No none at all	Nov 18, 2013 5:36 PM
257	Remove them all.	Nov 18, 2013 5:36 PM
258	No	Nov 18, 2013 5:34 PM
259	They take away too much parking. I hate going to that street in the summer now.	Nov 18, 2013 5:34 PM
260	More patios!!	Nov 18, 2013 5:33 PM
261	The side walks should not be on the roads there is barely enough room for vehicles to drive on the main street to begin with especially with bikers and bank trucks or working trucks taking up the space that we have left with. Also the patios take up to much space and it gets to be a pain in the ass to drive around to find a spot to park! Doesn't help that people park so far away from the other	Nov 18, 2013 5:32 PM

	vehicle and leave no room for vehicles that involve long boxes!	
262	All good in the hood	Nov 18, 2013 5:30 PM
263	Would prefer having the town of Fernie make a designated area for something like this, opposed to the patios taking up parking spaces on the street. The Fernie Hotel is the exemption to this as they have theirs on their property.	Nov 18, 2013 5:30 PM
264	•	Nov 18, 2013 5:29 PM
265	N/A	Nov 18, 2013 5:28 PM
266	The one in front of the Brick House was too far into the intersection and was a blind spot for children walking. We watch people blow that stop sign daily from work and it is just a bad spot for one. Too dangerous at such a busy intersection.	Nov 18, 2013 5:27 PM
267	Bigger. More.	Nov 18, 2013 5:24 PM
268	One way street angle parking	Nov 18, 2013 5:23 PM

271	No	Nov 18, 2013 5:08 PM
272	This is a pretty one sided survey You don't ask for input on why people might not want the side walks They are dangerous Alcohol is not monitored out on them carefully They take up parking spaces that could be used for vehicles in an already limited parking area So if you are going to do surveys Getting both sides is only fair :(Nov 18, 2013 5:02 PM
273	No road access.	Nov 18, 2013 5:01 PM
274	Take them down. They are the stupidest idea that has come to Fernie.	Nov 18, 2013 4:59 PM
275	Get rid of then. Problems with parking already .maybe council should think bout putting pay parking back and get some of these streets fixed in townright on	Nov 18, 2013 4:58 PM
276	Please change the horrific lights in the street lamps on the street. Someone confused good lighting with piercingly bright lighting that makes it actually harder to see things and makes the street and everything on it ugly as well as causing light pollution. Hire a lighting expert to fix this problem. Oh and make sure the bars keep their doors closed and patios quiet after 10 p.m.	Nov 18, 2013 4:53 PM
277	It would be great to have the restaurants and bars be able to serve alcohol on the patio longer.	Nov 18, 2013 4:52 PM
278	No they are great! I love them all.	Nov 18, 2013 4:52 PM
279	More of them, if possible.	Nov 18, 2013 4:49 PM
280	No changes - just more of them! Adds so much to our mainstreet.	Nov 18, 2013 4:48 PM

Q4. If you answered Yes to question #3, would you like to see any changes happen to the operation or placement of these Sidewalk Patios?		operation or placement
281	Nope	Nov 18, 2013 4:47 PM
282	Remove them	Nov 18, 2013 4:44 PM
283	the brick house and big bang bagels patios were to close to the intersections. the brick house patio was ridiculously close to the 4 way stop sign	Nov 18, 2013 4:42 PM
284	It said if I answered yes	Nov 18, 2013 4:39 PM
285	No.	Nov 18, 2013 4:38 PM
286	They are an eye sore and limit the amount of parking on main street. Handi capped and the elderly have difficulty with these. The street was not made to host these. I have not shopped downtown because of these.	Nov 18, 2013 4:37 PM
287	No I think they were great!	Nov 18, 2013 4:35 PM
288	I think they take up too much of the road, when u r eathing a meal and a vehicle goes by nothing like tasting gas or diesel fumes in your food!	Nov 18, 2013 4:34 PM
289	no	Nov 18, 2013 4:33 PM
290	No side walk patios	Nov 18, 2013 4:28 PM
291	Would prefer to have the patios on the street, and a walkway built onto the road around them, similar to the patios in Halifax. It's better for visibility, easier to park next to, cheaper to build, easier to move at the end of the season and much more pleasant for the people sitting on the patio.	Nov 18, 2013 4:27 PM
292	People with bikes hang on the outside of them talking to people making it even more difficult to pass by and when turning your almost having to go into the other lane and hope no other vehicle is coming. There is a time limit for parking on 2nd Ave but is it ever enforced? I have driven to work at 8 am and see the same car in the same spot at 4 pm. Parking it hard to find in Fernie and I think this is why people are not too happy with the patios. We have a by-law officer use him to write tickets or tow them, make some money for the city.	Nov 18, 2013 4:27 PM
293	Nope! They were great!	Nov 18, 2013 4:24 PM
294	Angle one way Parking on Main Street to off set the parking these take up	Nov 18, 2013 4:21 PM
295	Just make sure that people don't smoke on them and i'm happy!	Nov 18, 2013 4:18 PM
296	The patios take up too much room. I actually avoid main street for that reason therefore not shopping in the stores.	Nov 18, 2013 4:17 PM
297	More flower baskets.	Nov 18, 2013 4:11 PM
298	NO	Nov 18, 2013 4:07 PM
299	There is already limited parking available on Main Street The one outside of the brick house was ridiculous Was not at all esthetic ally pleasing At all Seeing people consuming alcohol and smoking on Main Street during the day	Nov 18, 2013 4:06 PM

	was and will never be appealing to families	
300	Take them Out!	Nov 18, 2013 4:03 PM
301	No, they're good the way they are.	Nov 18, 2013 4:00 PM
302	They take up precious street parking for business an average of 2 stalls/some of the patios seemed to push the width boundary with overlap to sidewalk .and from what I seen the patios where used very little this summer given the size and seating avail on them	Nov 18, 2013 3:59 PM
303	I answered NO, but my comment would be, I see the patios to be a hazard, 2nd ave is to narrow to accommodate patios, pedestrians and Patios. Probably really nice for tourists, but not for locals.	Nov 18, 2013 3:59 PM
304	I think they look like docks without a lake and they create a lack of parking for shoppers. I also witnessed people crossing the street to not have to walk past them because people on them tend to be loud and intimidating.	Nov 18, 2013 3:47 PM
305	either close down 2nd ave all together and make it pedestrian traffic only or get ride of the patios they are an accident waiting to happen	Nov 18, 2013 3:47 PM
306	No	Nov 18, 2013 3:43 PM
307	Would like to see them gone	Nov 18, 2013 3:41 PM
308	I think they take up to much room and parking area	Nov 18, 2013 3:31 PM
309	Allow them to be bigger, they could be on the sidewalk a bit more as our new sidewalks are so much wider than they used to be. It makes the town look so much more alive and draws people to the downtown.	Nov 18, 2013 3:20 PM
310	Horrid idea makes even less parking	Nov 18, 2013 3:11 PM
311	I would like to see 1 way traffic during patio season with parallel parking on both sides of the street with a few more handicap spots	Nov 18, 2013 3:05 PM
312	Its à horrible idea. The parking is already limited.	Nov 18, 2013 3:01 PM
313	They are a great addition to the downtown.	Nov 18, 2013 2:47 PM
314	They were WAY to wide and take up WAY to much room!! Nice idea but main street is just too small they are a safety hazard in many peopls opinions.	Nov 18, 2013 2:46 PM
315	They are a traffic concern	Nov 18, 2013 2:44 PM
316	not really I have enjoyed having lunch or dinnet outside	Nov 18, 2013 2:44 PM
317	They take 3parking spots up and they stick out on the road its bad a enough you have to drive around the bikes on main street now you have to drive around the patios some going to hit them if they haven't already!!!!	Nov 18, 2013 2:38 PM
318	not good for downtown	Nov 18, 2013 2:29 PM

Some of the shops (loaf bakery) took their flowers inside at night- a few times biking past I almost crashed into the flower basket holders as they stick out onto the road- but are black and with no flowers on them and in the dark they just blend in. Would prefer if the flowers were left out or the holders had reflectors on them. I found that the patios located close to corners/intersections (big bang and the brickhouse) made it really difficult to safely turn onto main street. I would suggest moving them to allow for proper vision around those corners I answered no Nov 18, 2013 12:29 PM Nov 18, 2013 12:29 PM Nov 18, 2013 12:28 PM Nov 18, 2013 12:28 PM Nov 18, 2013 12:28 PM Nov 18, 2013 12:25 PM	330	No	Nov 18, 2013 12:38 PM

338	no dogs on patios. dogs to be tied outside of eating areas	Nov 18, 2013 12:17 PM	
339	I think that 2nd Ave should be shut down to vehicle traffic in the summer months, even if only on weekends or for a trial run. it would be so nice to have the patios without traffic around them. Would also create a fantastic environment downtown.	Nov 18, 2013 12:16 PM	
340	In Calgary they allow the patrons to sit in areas on the sidewalk and use the "extensions" for the pedestrian traffic. This seems to work better IMO.	Nov 18, 2013 12:13 PM	
341	No, I don't think so. They were great.	Nov 18, 2013 12:09 PM	
342	Not so close to corners, when Turing while driving it sometimes can be hard to see around it	Nov 18, 2013 12:07 PM	
343	I've been in towns where the patio is on the sidewalk with a walkway around the outside. I think it would work better.	Nov 18, 2013 12:06 PM

347	No think they were great last year!	Nov 18, 2013 11:58 AM	
348	Love the opportunity to sit outside in the summer. A great addition to Main Street! Perhaps work on the patios being better integrated into the street with more beautification, or better construction so they appear like a natural part of the street, as they do in Nelson.	Nov 18, 2013 11:54 AM	
349	I think they were perfect:)	Nov 18, 2013 11:52 AM	
350	Possibly bigger patios?	Nov 18, 2013 11:42 AM	
351	Make it so every store has a patio of some sort. Selling some of their products on them!	Nov 18, 2013 11:33 AM	
352	I would like restaurants to be able to serve wine or beer on the patios.	Nov 18, 2013 11:30 AM	
353	These were an excellent addition to the atmosphere uptown. As a business owner up town (retail) we were very pleased with how they were run and their placements.	Nov 18, 2013 11:30 AM	
354	More of them! They're fabulous!!	Nov 18, 2013 11:29 AM	
355	I think it works very well the way it was set up! It adds a whole new dimension and new experience when going down Victoria ave, even some side street to go to Infinitea!	Nov 18, 2013 11:21 AM

361	The patios were great!! Add such a welcoming feel to downtown, and creates an atmosphere of a community that is proud of the downtown. The flower boxes added a beautiful aesthetic and certainly added to the ambiance of downtown. If there is not a requirement to add a floral or other arrangement to the patio, I'd encourage thatit really adds to the feel of downtown. I commend Council on taking this step to further defining Fernie as a 'four season' community.	Nov 18, 2013 10:46 AM
362	No, but to make the street bikes only or at least a one-way street would be good.	Nov 18, 2013 10:36 AM

372	The patios at The Loaf and Big Bang were small, and always looked nice with flowers. All of the bar ones were too big and ugly. The one at Brick House caused a lot of trouble with traffic. Poor location for a patio. The Loaf or Big Bang should be looked at for max size, and they should always be kept looking attractive, with flowers.	Nov 17, 2013 9:03 PM
373	The ones located on corners are a bit of a problem to see around when coming from the street angles.	Nov 17, 2013 5:55 PM
374	Everything was perfect with the setup. Please do it again next year!	Nov 17, 2013 2:03 PM
375	- To improve safety at intersections, four-way stop should be set up at more intersections (esp Big Bang Bagel/Grass Roots) because the patios do obstruct vision Need more reflective strips on them for night visibility Institute rules to prevent hooks hanging out on to the roadway. The Northern removed their flower boxes and left hooks sticking out that cyclists could have been snagged on. I believe that they were a great thing for Fernie and there was always still lots	Nov 17, 2013 11:41 AM

	of parking.	
376	The one in front of Northern Hotel takes up too much sidewalk space; bikes are parked against it, sandwich board beside it. The one by Big band bagels obscures side road traffic and pedestrians. Too many parking spaces are being used up and we are already strapped for spaces. Overflow traffic goes to Overwaitea and not 3rd Ave. as was suggested, which those of us getting groceries do not have a space to park.	Nov 17, 2013 11:37 AM
377	No Found them unobtrusive. We generally walk to downtown so were minimally affected regarding parking.	Nov 17, 2013 10:32 AM

383	I have lived in Fernie my whole life and parking in the downtown core has always been a problem, and with these patios it is more of a problem, they take up space and I find them unsafe as they are right out on the street, let alone next to a major intersection at the 4 way stop. I have noticed more than once, intoxicated people hanging off or over them and jumping over them, and some may find that cool, my family and I did not, nor have we enjoyed some of the conversations and vulgar language we have heard well walking past a couple of the patios that belong to the liquor establishments. I also would like to say that I seen these patios vacant more than they were used. It was a trial period for this year and thats as far as it should go. Thanks.	Nov 16, 2013 3:10 PM

390	I've lived in Elkford for 28 years and come to Fernie often to shop and get my fix of downtown. Fernie is one of most favourite places on this planet and I'm so glad it's only 45 minutes away. 391	Change is good. But I thought the patios were in good, logical places.	Nov 14, 2013 11:30 PM
392	please dont permit these patios to exist anymore, parking is all ready a problem in downtown Fernie, and some of the patios block off the view for traffic to see pedestrians at cross walks, which could become a big problem once someone becomes injured because of these. So please dont allow them anymore,	Nov 14, 2013 10:47 PM
393	this is just a way for people to hang out on the street they don't buy food or drink from that establishment they bring their own we have seen this on numerous occasions the bars hands out beer to the young ones they are loud the talk is vulgar and the young ones don't need to see this and it be any more accessible as it already is just a good way for more trouble and fights to start and where to park these patios are taking up to much parking spots and there is not enough now as it is for us older people now you put out these patios what is fernie coming to I am moving from here as soon as possible so far there are 21 of us going sooner I hope than later thank you very much old age here yea thanks a lots	Nov 14, 2013 9:32 PM
394	Patios have made our once beautiful main street look degrading,taken up parking, plus dogs and bikes tied up to them for hours,as well as the vulgar language as I walk by with my children.as well all the clothes racks taking up space,do they all pay for the space? .its beginning to look like market streets in Mexico.So much for a stroll down main.How Sad.	Nov 14, 2013 7:48 PM
395	I think they are the stupidest thing council has permitted. No parking as it is on Main Street. Why would you take more away. They are very difficult to see at night especially worse if it is raining. Some one is going to get hit. People on by bikes stop by for visit and then venture off right into traffic. Get rid of them!	Nov 14, 2013 7:40 PM
396	Yes, all patios following the same rules.	Nov 14, 2013 7:02 PM
397	They need to go, they are safety hazard, the dirty looks you get cause you have to stop at 4way, less parking downtown. They are an eyesore to Fernie mainstreet!	Nov 14, 2013 6:38 PM
398	Get rid of them and get the previous parking spaces back into use! Hated the dogs tied up to them! Hated the way you had to make the right hand turns, but HATED the delivery trucks that parked behind/in front of them and REDUCED the street to ONE WAY!! This is totally riduculous and was NOT THOUGHT OUT!! Turning onto 2nd Ave at the Brick House was a nightmare, with vehicles parked the way they were, people hanging onto the patios talking and visiting, dogs tied up to the patios and you are trying to make a proper turn onto 2nd Ave. Give me a break!!!! This may LOOK cute - but it's stupid for the width of 2nd Ave and the parking that we currently have in Fernie!! What is this town about anyway? JUST for tourism, or for people that also live here, drive here and also spend their money downtown? I kept out of downtown as much as I could this summer - it totally ticked me off!! 400	Allow bicycles to pass safely. Vehicles did not allow for bicycle traffic causing unsafe passing with no wiggle room around patio.	Nov 14, 2013 5:19 PM
401	I didn't answer yes to question three so I assume you need to know why! Plain and simple,, they are a hazard for everyone sitting there and for drivers. Why someone would want to sit almost in the middle of the road listening to traffic and smelling exhaust fumes, whilst eating or drinking is beyond me.	Nov 14, 2013 4:56 PM
402	No patios at all	Nov 14, 2013 4:55 PM

408	The sidewalk patios are a hinderance to parking and getting around downtown. They are hot and the polution from the cars blow into the food. Waiteress have to walk very far to get to the tables. These patios are designed for the 20 somethings to hang out and drink. The patios are not good restaruants. The petunias stink. The chairs and tables are either dusty or wet depending on the weather. The establishments did not keep them clean.	Nov 14, 2013 12:27 PM
409	the location of these patio's just about got me into a accident several times because you could not see around several of them and I almost got t- boned in my car. The plant pots and chairs and people at their tables blocked the line of sight	Nov 13, 2013 6:35 PM
410	No - I think they were an excellent addition!	Nov 12, 2013 10:24 AM
411	If anything I would like to see more of them. I really enjoyed the ambiance they provided and on a nice day there was nothing better then sitting out in the street on one. I'm not sure how expensive or easy it is to get the patio so if it's difficult and expensive then make it easier and cheaper so more places can have them.	Nov 11, 2013 4:22 PM
412	Dress them up and integrate them into the street a bit more so they don't look like they shouldn't be there. I think they are a great idea! The Loaf one was a bit of an eyesore especially on Mondays when they are closed.	Nov 9, 2013 12:42 PM
413	If sidewalk patios must stay why not close off second avenue for the summer season? The patios are in the way of traffic, can't be very pleasant trying to enjoy your lunch/dinner/drinks with cars going back and forth not to mention the fumes from exhaust vehicles. Either do it right or don't do it at all!	Nov 9, 2013 10:58 AM
414	i dont agree with these patios . there is no parking in the downtown area as is let alone taking more away.and a few years back they widen the sidewalks which i thought was great .until they were allowed to but bike racks out front of their stores then these stupid patios so you have no where to walk let alone all the	Nov 9, 2013 9:26 AM

417	take up parking spaces, block your vision while trying to turn onto main street.	Nov 8, 2013 1:12 PM

419	It seemed very well done this year, it provided a consistent look with opportunity to establish their own personality.	Nov 8, 2013 11:49 AM
420	I said no because they are a traffic hazard (people don't watch their kids and walk around them without watching for traffic)They take up too much parking space(much needed with all the tourists in town)Store owners need to realize people shop and buy more if they walk around with a coffee instead of sitting down outside their stores! 427	put them on the side walk not in the middle of traffic, the one by the Brick House was impeding traffic quite regularly Signs, bikes, dogs etc. be kept off the sidewalk behind the patios. found it very difficult when I was walking my dog. Some like the one at central was a maze. I saw bylaw officer make them clear but in a couple of days it was just as bad. The patio's on the corners are not very good there, as it is hard to see what is coming from the other directions. What is wrong by. Just having a little Patio like the, "Brick House", used to have. The Loaf has room to have a Patio beside the building. These Patio's take up too much room and we lose a lot of parking spaces, especially for the Senior's. They do look nice but their not feasible at all.	Nov 7, 2013 5:58 PM Nov 7, 2013 3:48 PM

	was very frustrating to try and find parking. Even before the patios went in it was tough to find parking. I think second avenue needs to be made into a one way street with diagonal parking this would create way more parking stall for the businesses that are crying for the locals to suport them.	
430	No, they were great, and the Brick House one actually made that corner safer by stopping large trucks from parking right on the corner and blocking the motorists view down 4th st.	Nov 7, 2013 1:24 PM
431	The Big Bang patio could be just a bit further from the corner. Otherwise this was an excellent initiative.	Nov 6, 2013 7:14 AM
432	Umbrellas to avoid sunburn at the Brick House patio. I loved all the patios. I would not have spent half the time or money at the various cafes and pubs if I had to sit inside on a hot summer's day. When friends came into town, that's one thing we always did: sit on a patio downtown to visit, people watch and enjoy a coffee, cold drink or eat a meal. If it were not for the patios, we would have hung out by the river instead. The summer season is too short not to enjoy the warm weather outside.	Nov 5, 2013 12:13 PM
433	just ask the Northern to add some flowers/greenery to liven it up. music for ambiance and heaters would be great for cooler days	Nov 5, 2013 9:40 AM
434	I think operationally they were fine, but maybe more signage as to where else to park would be helpful to people that are not familiar with the area.	Nov 5, 2013 8:40 AM
435	I think they should be limited to 1 per block on 2nd Ave - perhaps the side streets could be used more??? Not my cup of tea but I do know people & dogs enjoyed them.	Nov 4, 2013 6:46 PM
436	More greenery on the patios. I loved the look of Big Bang Bagels. I really feel it added to the vibrancy of downtown during the summer months.	Nov 4, 2013 3:52 PM
437	Better service on the patios!!! Quite often servers forgot about you out there, or they were short staffed.	Nov 4, 2013 3:11 PM
438	my only concern was one of the patios took up a lot of sidewalk space (the Northern). Some people thought that a couple of the patios were too close to the corner, but I do not think there were any accidents because of this. otherwise, they all looked great! The hours were good, would not extend them into the evening as the bars would create more noise at night and would be difficult to police.	Nov 4, 2013 2:57 PM
439	definitely need to have landscaping of flowers to make them look good otherwise plain they look like a box, also allowing heaters for cool evening would be a good idea, the placement was good for most except for the Central, it could move over a little bit more to the right so the corner is more visible.	Nov 4, 2013 2:31 PM
440	Music and more plantings. Some sat on the street empty like little jails for far too long. Don't allow bikes to pile up against patios blocking the sidewalk.	Nov 4, 2013 2:11 PM

442	Encourage dressing them up a bit with some flower baskets. Otherwise they are great as they are.	Nov 4, 2013 11:45 AM
443	No, I think the patios are great. It would be great to eventually have 2nd Ave closed off to pedestrian only traffic.	Nov 4, 2013 11:45 AM
444	Liked that they were all a similar style. I think the more the better with these as they create a great social vibe downtown.	Nov 4, 2013 11:21 AM
445	enforcfed planting would be good to beautify the structure and encourage other business to plant as well. Heaters would ensure that people can still sit outside in the evenings when the sun goes down.	Nov 4, 2013 11:09 AM
446	I would like to see even more patios.	Nov 3, 2013 5:40 PM
447	impedes traffic and safety- what's next, walk around to next patio with open liquor because you are allowing it to happen with those silly patios- taking away parking spaces-silly	Nov 3, 2013 7:32 AM
448	I would continue to expand the number of patios. They are a fabulous addition to the downtown and though, they do occupy parking spaces, I believe the benefit outweighs the loss of parking area.	Nov 2, 2013 5:21 PM
449	They make parking really difficult! People in this city already park like idiots. I'm surprised no one has seriously hit one yet. They are nice but totally in the way.	Oct 31, 2013 11:59 AM
450	The sidewalk patios are an interesting feature in the summer. However, I think they impede drivers' view of pedestrians. Several times, vehicles have failed to stop for me while I was crossing at the corner of Big Bang Bagels. This was very troubling.	Oct 30, 2013 10:56 AM
451	like them the way they are,	Oct 29, 2013 6:02 PM
452	I would like to see 2nd ave closed off to vehicles in the summer months and make it a walking/biking only street.	Oct 29, 2013 3:17 PM
453	No they were fine	Oct 29, 2013 10:59 AM
454	Some placement (Brick House) seem to be close to stop sign at a busy corner. Patios are good, would like to see them made of more ornate materials. Some are plain jane, ugly, others look great. Flower boxes on them are great. Should have some kind of "no" post or barrier so they are not hit by a vehicle.	Oct 29, 2013 9:43 AM
455	We liked them	Oct 29, 2013 7:02 AM
456	No changes I can think of. Not sure if any had umbrellas, but that I'm sure would be as per the discretion if the operator. As there isn't a general comment section, just adding a note here that I thought they were a FANTASTIC addition to the downtown. Added to its vibrancy and definitely was a pleasure to see so many smiling faces out enjoying them, please continue!	Oct 28, 2013 7:23 PM
457	they're great. love them.	Oct 28, 2013 10:52 AM

Q4. If you answered Yes to question #3, would you like to see any changes happen to the operation or placement of these Sidewalk Patios?		
458	Allow dogs on the patios and bikes to be parked against them and leave the furniture out at nite so the owners don't havE to take it in each nite	Oct 27, 2013 7:33 PM
459	Close off 2nd Ave from 4th Street to 9th Street. Make it pedestrian traffic only just for July and Aug.	Oct 27, 2013 6:04 AM
460	Nope loved having them.	Oct 26, 2013 4:47 PM
461	The one at Big Bang was rather close to the corner but do not think it should be on the side street as they would not have the afternoon sun nor the same ambiance they were all a great addition to downtown :-)	Oct 26, 2013 2:49 PM
462	Continue with them.	Oct 26, 2013 8:55 AM
463	Perhaps make them a bit longer in length	Oct 26, 2013 8:32 AM
464	Make them bigger, and or shut down second ave to turn it into a pedestrian mall	Oct 26, 2013 6:49 AM
465	they are an eyesore, look silly and i wouldn't sit out on the street in one	Oct 25, 2013 4:37 PM
