

Short-Term Rental Temporary Use Permit Policy

1.0 POLICY GUIDELINE

The intent of this policy is to provide guidance to the public and Regional District of East Kootenay (RDEK) when considering temporary use permit (TUP) applications for short-term rentals (STRs).

STR TUPs are intended for use where the RDEK zoning and land use bylaws do not otherwise allow STRs. The RDEK preference for managing STRs, where it is appropriate, is with TUPs. When considering a TUP for an STR, the RDEK recognizes that the primary use of the property may be either residential or agricultural. An STR TUP is a way to allow residents and residential or agricultural property owners to use their property to participate in the tourism economy.

2.0 PURPOSE

The tourism economy is an important aspect of the RDEK that provides residents and visitors with amenities and services that help support the broader economy of the East Kootenays. Many residents and property owners in the Region have identified STRs as a way to participate in the tourism economy.

While the majority of STR operators are responsible and provide accommodation that is safe and does not cause nuisance to neighbours, STR regulations allow the RDEK to respond accordingly should concerns arise.

This policy provides direction regarding the conditions under which STR TUPs may be considered by RDEK staff to allow STR uses to occur on a temporary basis. An issued STR TUP contains detailed requirements and terms, at the discretion of the RDEK, which may be property specific.

TUPs allow a use on a temporary basis that would otherwise not be permitted in a zoning or land use bylaw. It is the requirement of the TUP holder to fulfill the terms of the TUP and to adhere to all other RDEK bylaws and policies. Should a TUP holder fail to adhere to the requirements they may face enforcement action including fines or cancelation of the TUP.

4.0 POLICY

4.1 Regulation

As designated under the *Local Government Act*, TUPs may be issued to properties within RDEK zoning, land use or Official Community Plan areas. RDEK OCPs and land use bylaw include policy permitting issuing

TUPs for a broad range of uses. TUPs may be issued by the Board by resolution, or the Board may delegate authority to issue TUPs to staff.

The purpose of this policy is to set the conditions which delegated STR TUPs may be issued by staff. Applicants who wish to apply for an STR TUP that seeks uses extending beyond those delegated to staff herein may apply for an STR TUP directly to the Board for consideration.

4.2 Term and renewal

If the RDEK issues an STR TUP, a term limit shall apply of not greater than three years, with an opportunity to renew the STR TUP for a term of not greater than an additional three years.

Should an STR operator fail to adhere to the policies set forth herein or of the specific requirements set forth in an issued STR TUP the RDEK may undertake enforcement action up to and including fines, the imposition of further conditions, or cancellation of the STR TUP.
